

NEW STORAGE HAS ARRIVED AT PENLEY YOUTH CLUB

The children, staff and Volunteers are all very excited to have a new shipping container arrive at Penley Youth Club. The Club is in its second year and going from strength to strength although it has been a struggle to expand the number of games and activities due to having no room to purchase and store the much-needed equipment.

‘We are all so excited now that we have space to store and organise equipment, we will be able to purchase new games tables and outdoor equipment giving the children more activities to enjoy with their friends’ (Penley Youth Club Committee).

At today’s youth club (24th September), the children are excited and asking where the new container has come from. Penley Youth Club secured a Prosperous Communities Government Funded Grant through Wrexham Council @Cyngorwrexham @WrexhamCountyBoroughCouncil earlier this year and would like to say a huge thank you to both Cadwyn Clwyd @CadwynClwyd @Cad Clwyd and AVOW @AVOW, who awarded this grant and understood how important it was for the club to have a storage container, they provided Penley Youth Club with enough funding to create the hardstanding, purchase a shipping container and also kit the new container out with shelving, storage and moving equipment.

The Youth Club is extremely popular not only with local children attending but with Penley having the Maelor School in the heart of the village its see’s children coming from far and wide who live in various parts of Wrexham. It’s a much-needed resource in a rural area and gives children a safe and inclusive space to play and socialise with their friends. For more Information on Penley Youth Club and for updates please follow their Facebook page.
